NoteBook Pro

FREE UP CRITICAL PHONE LINES

A simple, digital form allows towing companies to notify Law Enforcement Agencies about private property tow activity – no phone calls or faxes necessary.

STREAMLINE STOLEN VEHICLE CHECK

With critical information captured and submitted via digital form, Law Enforcement can quickly proceed through standard operating procedures to review and clear vehicles for tow, or identify next steps for investigation according to regulations.

EMPOWER CITIZENS TO FIND THEIR VEHICLE

A self-serve *Find My Vehicle* portal connects citizens with their towed vehicle, details about next steps to take, and more information about who to contact for vehicle pickup.

See What Our Private Property Tow Notification Solution Can Do For Your City

Save Time

- Tow Operators report private property or contracted tows via digital form – no phone calls or faxes necessary

Streamline Operations

- Boost operational efficiencies
- Process private property tow and repossession notifications faster

[illegible]

Receive and process private property tow and repossession notifications digitally, with no phone calls, faxes, or manual data collection and entry necessary. This frees up public safety team members for higher-priority tasks.

Empower citizens to locate their vehicle with a self-serve portal, connecting them with the tow company to contact about retrieving their vehicle.
